

ACC108	<i>Papers of Edwin John Brown, Surveyor, Church St, Parramatta - This collection of papers relate to predominately to the work and activities of Edwin John Brown, a licensed surveyor based in Parramatta. The papers consist of a variety of notifications, correspondence, advertisements, meeting notices, and other ephemera from Societies and businesses in the Parramatta area. The reverse side of many of these papers were actually used to prepare surveying calculations, most probably by E J Brown. While E J Brown was in partnership with Samuel Chatfield it appears that these notes belong to Brown since most of the papers used to prepare the notes relate to activities that Brown himself was associated with. Land sale posters and some correspondence are in the name of Chatfield and Brown. Also in this collection are a small amount of sales posters where another well know Parramatta local, R H Mathews, was the surveyor.</i>	1890s-1930s
